Attention: William Stokes, D.V.M.,  
Director NICE ATM,  
NIEHS, P.O. Box 12233,  
EC-17 Research Triangle Park, NC 27709

I am E-mailing you in hopes that the Draize test on live animals can be stopped.

I hope that alternative tests can be used as the Draize test is inhumane and unbelievably cruel.

Thanks, Carolyn Manchester
